

Brother TN223-TN227 Series Firmware Update Notification

Date: September 30th, 2021

Dear Customer,

On September 30th 2021, Nu-Tone & CO found that Brother released a firmware update involving the Brother TN223-TN227 series. Compatible or refurbished cartridges cannot be recognized by upgraded printers.

Our suggestions:

1. We recommend that you sell your existing inventory as soon as possible.
2. We recommend the customer not to actively upgrade to the latest firmware version.
3. For more details on upgraded products, please do not hesitate to contact your representative.
