

HP CF500X/CF510A Series Firmware Update Notification

Date: January 3rd, 2022

Dear Customer,

On January 3rd 2022, Nu-Tone&CO found that HP released a firmware update involving the HP CF500X/CF510A series. Compatible or refurbished cartridges cannot be recognized by upgraded printers.

Our suggestions:

1. We recommend that the customer sell the existing inventory as soon as possible.
2. We recommend that the customer do not actively upgrade to the latest firmware version.
3. For more details of upgraded products, please feel free to contact your sales Rep
