

# IMPORTANT MESSAGE

Printer A

Printer B

The Original Equipment Manufacturer (OEM) has programmed a function to prevent the use of compatible cartridges; If this function is activated on your printer, YOUR/THIS compatible cartridge will not be recognized. (Models of cartridges: CF226, CF287, CF360, CF400, CF410 and series CF500).

## Instructions for alternative cartridge recognition

Please follow these simple STEPS to DISABLE this feature:

- 1** Go to the main page and click «Setup»

- 2** Access the «Setup Menu» and click «System Setup»

- 3** Access the menu «System Setup» and click «Supply Settings»

- 4** Access the menu «Supply Settings» and click «Cartridge Policy»

- 5** Access the menu «Cartridge Policy» and click «OFF» and then please RESTART the printer.
